

### 13.0 Sun Protection Policy

At Yateley Community Pre-school we want children to enjoy the sun safely. We work with staff and parents to achieve this through.....

- Education – With the help of topics, songs and discussions at registration time we introduce children to the necessity of taking care in the sun.

- Protection –

We provide shade in the garden with a seating area under the trees.

We provide large garden umbrellas that can be moved around to help keep the children in the shade.

We provide legionnaire caps for those children who have not provided a hat.

We have extra-long sleeved tops should a child need to be covered up.

If the sun is intense we will bring the children inside.

No child is allowed outside unless covered in sun lotion, a letter is required from the parent for us to apply lotion. Sun lotion should be provided at least factor 15.

We will monitor our progress and review the policy annually.

This policy was adopted at a meeting of Yateley Community Pre-School
